

Quick Reference sheet: Key actions for individual COVID-19 events

Event	Location of Event	Testing Result	Quarantine
Individual is symptomatic	<p>If an individual is symptomatic at home, they should remain home. If an individual is symptomatic at school, they should remain masked and be escorted to the school's "safe space" until they can go home.</p> <p>Testing recommended.</p>	Individual tests negative	Return to school 24 hours after symptoms resolve
		Individual tests positive	Remain home (except to get medical care), monitor symptoms, notify the school, notify personal close contacts, assist the school in contact tracing efforts, cooperate with DPHS. Most people who have a relatively mild illness will need to stay in self-quarantine for at least 10 days and until at least 3 days have passed with no fever and improvement in other symptoms.
		Individual not tested	Remain home in isolation for 14 days from symptom onset. Return to school only after at least 3 days have passed with no fever and improvement in other symptoms.
Individual is exposed to positive COVID-19 individual	<p>If an individual is at home when they learn they were in close contact with an individual who has tested positive for COVID-19, they should stay at home and be tested 4-5 days after their last exposure.</p> <p>If an individual is at school when they learn they were in close contact with an individual who tested positive for COVID-19, they should be masked for the remainder of the day (including outdoors) and adhere to strict physical distancing. When pickup can be arranged, they should stay home.</p>	Individual tests negative	In accordance with DPHS, remain at home in self-quarantine for 14 days-cannot "test out" of quarantine
		Individual tests positive	Remain home (except to get medical care), monitor symptoms, notify the school, notify personal close contacts, assist the school in contact tracing efforts, cooperate with DPHS. Most people who have a relatively mild illness will need to stay in self-quarantine for at least 10 days and until at least 3 days have passed with no fever and improvement in other symptoms.
		Individual not tested	Remain at home in self-quarantine for 14 days
